

LS3108 Intelligent Light Source

FEATURES

- One-button operation, easy-to-read and back-lit display
- Stabilized output power and centre wavelength
- High reliability
- Adjustable frequency

STANDARD PACKAGE

- LS3108 Intelligent Light Source
- Manual
- 8.4V NI-MH Battery (Rechargeable)
- Protective Holster
- Power Supply Adapter
- Cotton Swate
- Carrying Case (optional)

SPECIFICATION

TYPE	LS3108
Emitler Type	Fabry-Perct LD DFB LED
Wavelength (nm)	1310*20/1550*20(Others on option)
Spectral Width (nm)	<10
Output Power (dBm)	-7 ~ -6 (B69/125um)
Output Stability (dB)	(20 C) ±0.05(15mins)
Modulation	CW, 2Hz, 1000Hz, 2000Hz
Optical Interface	FC adapter
Power Supply	8.4V NI-MH battery
Rechargeable time (h)	5
Operating Temperature	-10~+60
Storage Temperature	-25~+70
Battery Operating Time(h)	3
Weight(g)	180 x 90 x 36.5
Demensions(mm)	300
